Adoption Policies

- ✂ **Adult cats** are spayed or neutered, feline leukemia and feline AIDS tested (FeLv/FIV), given appropriate shots, (except rabies) and treated for parasites prior to adoption. **Kittens** are feline leukemia tested, given appropriate shots, (except rabies) and treated for parasites. Kitten spays or neuters are included in the adoption fee and must be scheduled through Chapple Hill Cat Sanctuary, once the kittens reach 6 months of age.
- ✂ Adopter agrees to provide a safe and loving indoor-only home.
- ✂ Adopter agrees the cat will not be declawed.
- ✂ The adopter must realize the life span of an indoor cat can potentially reach 15 – 20 years, and must be financially capable & physically able to provide veterinary and daily care for such a time.
- ✂ If for any reason, Adopter cannot keep the cat, Adopter agrees to return the cat to Chapple Hill Cat Sanctuary and not any other home, facility or shelter.
- ✂ Adopter agrees to pay the adoption fee at the time of delivery.
- ✂ Adopter agrees that a volunteer representative from Chapple Hill Cat Sanctuary may visit their home to verify policies are upheld. If adopter is in violation of any policy, Chapple Hill Cat Sanctuary may reclaim the cat.

The Adoption fee is \$85 per cat or kitten and goes entirely towards medical expenses. By charging a fee, we can continue to provide veterinary care and feel more confident that our adopters value the cat and are able to afford to care for their new companion.
